FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

Re: WC Docket No. 02-314 – Application of Qwest Communications International Inc. for Authorization to Provide In-Region, InterLATA Service in the States of Colorado, Idaho, Iowa, Montana, Nebraska, North Dakota, Utah, Washington and Wyoming

Redacted -- For Public Inspection

Dear Ms. Dortch.

On September 10, 2002, in response to a request from the Wireline Competition Bureau, Qwest Communications International Inc. ("Qwest") provided, in WC Dockets 02-148 and 02-189, performance data relating to the capture of UNE-P Star performance results.¹ The submission consisted of a confidential analysis comparing Qwest PID OP-5 UNE-P (POTS + CTX) results for (i) all CLECs in the aggregate, (ii) McLeod and Eschelon, and (iii) all CLECs excluding McLeod and Eschelon. In its filing to initiate the above-referenced docket, Qwest submitted a confidential analysis providing the same information for OP-3, OP-4, OP-5 and **MR-8**, plus further disaggregation of traditional UNE-P and UNE-P Star. Attached hereto is the same breakdown for PO-2 and PO-5.

¹ Ex Parte Letter from Hance Haney, Counsel for Qwest, to Marlene Dortch, Secretary, Federal Communications Commission (Sept. 10, 2002).

Marlene H. Dortch
